About eSTUFF®

eSTUFF® is a Danish brand founded in 2010.

We focus on high quality, well-designed accessories for smartphones, tablets and laptops tailored to mainstream users of lifestyle electronics.

Our wide assortment includes e.g. screen protection, covers and cases for both smartphones, tablets and laptops, cables, chargers, USB-C hubs and docks, and headphones.

eSTUFF® targets a wide range of customers such as Apple Premium Resellers, telecom stores, consumer electronics stores, online retailers, service providers and IT integrators.

eSTUFF®

Environmental Awareness

We focus on our impact on the environment

We review our impact on the environment on a continuous basis. We evaluate both our products and our packaging to see what changes can be made under sustainable conditions without compromising the user experience.

Since 2018, we have reduced the use of plastics in our packaging by 98%, and **our goal is to have a 100% plastic-free packaging by 2024**. As regards to our products, we have recently introduced our first smartphone covers and HDMI cables made from recycled materials. In the coming years, we will continue to launch new products made from recycled materials.

When our products reach the end of its life cycle, we have made sure that they can be recycled under the National Environmental Protection Acts and the WEEE Directive – and this is at no cost for the end user.

Retail or BULK packaging from eSTUFF®?

In order to preserve the environment and answer our customers' demands, we offer two different kinds of packaging for our most sold products.

USB - Lightning 1m cable

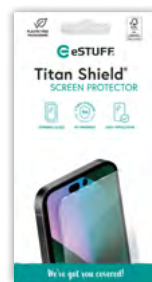

Retail packed

BULK Packed

Titan Shield® glass

Retail packed

BULK Packed

Why buy BULK packages?

- Minimize waste
- Save packing cost
- Save time unpacking
- Save freight cost
- Help the environment
- Ideal for system integrators

The iPhone 14

New Flat Eco-Friendly Packaging

We have decided that it is time to go ALL-IN on minimizing the impact on the environment with our new packaging for our screen protector series Titan Shield®.

Old vs. New Packaging Size

Old

Magnetic Wireless Charger

Magnetic Wireless Desktop Charger - 15W

This stylish magnetic charger is made from aluminium and is designed for MagSafe enabled iPhones (iPhone 12-, 13-, 14-series). It does however also serve as a standard wireless charger for any Qi enabled devices.

Works with both PD and QC chargers. For the best charging experience please use it with a PD 20W (or higher) charger.

- Input 20W
- Output 15W max
- Built in 1.2m USB-C cable
- Compatible with MagSafe enabled iPhones (12-, 13-, 14-series)
- Works with all Qi enabled devices as a normal desktop charger
- For the best charging experience, please use it with a charger that provides at least 20 Watt.

Screen Protection Titan Shield®

Clear Glass
Curved Edge Glass

Full Cover Glass

Privacy Glass

Clear Glass Antibacterial

We've got you covered!

We've got you covered!

Protect your phone screen with eSTUFF® Titan Shield® and minimize the risk of damaging the screen on your smartphone or tablet.

Thanks to the real glass properties, there is no change in colour or touch experience after the screen protector has been applied. It offers ultimate protection against scratches, chips, and cracks. It is 9x stronger than ordinary glass. An anti-shatter film ensures that small glass pieces are kept in place, should the Titan Shield® break.

If your smartphone or tablet is exposed to excessive force, the Titan Shield® is designed to break. The screen protector will absorb most of the force and will, in most cases, protect your display from harm.

- Case friendly
- 150% more scratch resistant than steel
- Easy to install and easy to remove
- 9x stronger than ordinary glass (9H)
- 100% touch preservation
- Cleaning kit included

Titan Shield® Tempered Glass Applicator Machine for Smartphones and Tablets

Whether you are in need of installing big volumes of Titan Shield® in a service center or offer installation service in-store for consumers, this is a great solution that will make your life easier and more efficient.

The applicator ensures a perfect fit every time.

- Special part numbers for glass with applicators applies.
- Perfect fit every time
- Available for most smartphones in the market
- Manual included

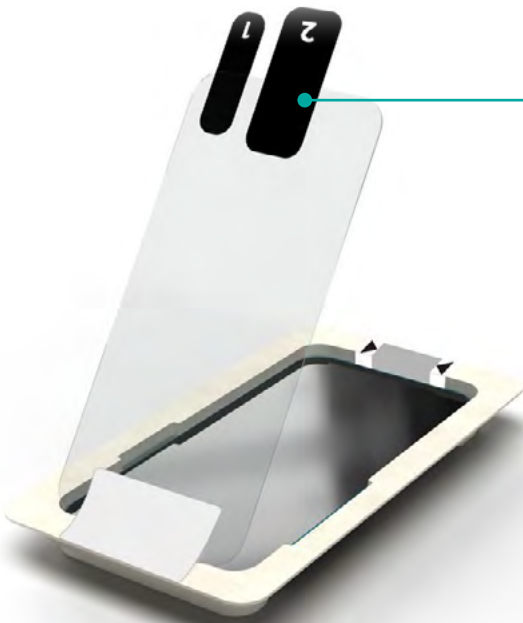

Titan Shield® Full Cover Glass with Paper Applicator

Our Titan Shield® full cover series with built-in applicator makes it easier for the end user to apply the glass perfectly on the smartphone.

This series of user-friendly full cover glass has the exact same features as our normal full cover glass. Should you require glass with built-in applicators for other models, please do not hesitate to contact us.

- Easy to install with the built-in applicator
- Case friendly - works with most smartphone cases on the market

Mobile Cases

Soft TPU Cases

Silicone Cases

Biodegradable Touch Cases

MagSafe Compatible Cases

We've got you covered!

All covers within the eSTUFF® range are specifically chosen by the high-quality and texture of the materials. The cases are available for all relevant smartphone models, all you have to do is ask us for it. If you do not need the retail version, we also have a BULK option available. We always have the high runners in stock, and if you are in need for larger quantities, the delivery time is approximately 3-4 weeks. We offer the following covers: Soft TPU, Silicone Case, Biodegradable and MagSafe compatible cases.

Use our [Mobile Guide on our webpage](#), to find the correct cover matching your phone and needs.

- All cases are available for most smartphones models.
- BULK pack option available

Soft TPU Cases

Offers perfect protection of both the back and the sides of the phone. Fitting firmly over the buttons and curves, it still gives access to all ports. It is made from 0.8mm thin TPU and the flexibility of the cover makes it easy to insert or remove the phone if needed.

- Qi compatible
- Slim and lightweight
- Easy access to all ports and buttons
- Smooth touch surface
- 4 sides covered

Silicone Cases

Offers perfect protection of both the back and the sides of your phone. It fits firmly over the buttons and curves on the phone. The fashionable and elegant design does not only look good, but also has a great feel. Its soft microfibre inner lining protects the back of your phone.

- Smooth touch surface
- Soft microfibre inner lining
- 4 sides covered
- Easy access to all ports and buttons

Biodegradable Cases

This environmentally friendly cover offers stylish protection for your phone. It is lightweight and has a very agreeable, soft touch surface. The cover is sourced from 100% plant-based materials and does not contain heavy metals or harmful chemicals. It will naturally dissolve over time as opposed to plastic covers which take hundreds of years to decompose. These are just little ways we can help to save our planet.

- 100% plant-based materials
- Biopolymer
- 4 sides covered

Magnetic Hybrid Cases

This hybrid case with a soft TPU edge and a hard back offers increased protection of your iPhone. The soft, raised edges on the front and around the camera gives the best protection for your phone. The built-in magnetic ring makes it MagSafe compatible and it will attach seamlessly to any MagSafe enabled charger or credit card holder.

- Lightweight
- Flexible
- Ultra slim
- MagSafe compatible
- Anti-shock corners

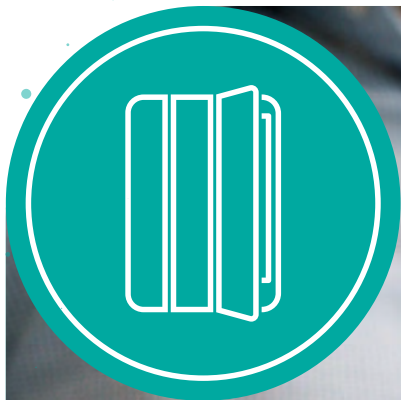

Magnetic Silicone Cases

- Premium liquid silicone material
- Camera protection
- Smooth rubber coating
- Inner microfibre cushion
- MagSafe compatible
- Available in multiple colors

- 1 x USB-C Female Port 2: USB3.1 Gen 1 – 5Gb/s, 5V/0.9A/4.5W

Power:

- Pass through USB-C PD – Support 100W power adapter (max 87W for charging)

6-in-1 Mobile USB-C HUB with 4K HDMI Output

This slim USB-C multi-port hub 4K HDMI offers an abundance of connections to your laptop or desktop computer through the use of one single USB-C port. It allows you to connect your USB-C PC/Laptop to an HDMI enabled screen (4K), as well as adding two USB 3.0 Type-A ports. The SD/MMC and Micro SD card slot helps to read information on external memory cards and the pass-through USB-C port allows you to charge your computer whilst using the adapter.

Part no. ES624601

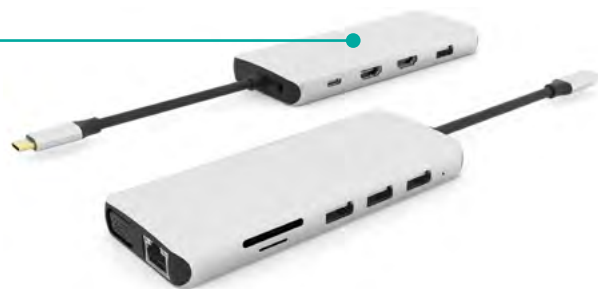

- HDMI 4Kx2K@30Hz, 18Gbps Bandwidth
- USB 3.0 super speed (5Gbps) transmission (USB 2.0 compatible)
- USB 3.0 supports simultaneous charge & sync
- USB 3.0 supports BC1.2. Max output: 4.5W (5V/0.9A)
- USB-C PD Charging up to 60W (20V/3A)

12-in-1 Triple Display Multifunction USB-C Hub

This dock is designed for those who want a compact but capable upgrade for their USB-C laptop with plenty of extra ports in the office, at home or on the move.

- Supports extended desktop on both PC's as well as iPad Pros.
- Works with devices supporting DisplayPort 1.4/1.2 Alternate Mode and Power Delivery 3.0.

Part no. ES623009

Ports:

- 1 x HDMI 1 – 4K@60Hz
- 1 x HDMI 2 – 4K@60Hz on DP 1.4
- 2 x USB-A 2.0 – 480Mbps, 5V/0.5A/2.5W
- 2 x USB-A 3.2 Gen 1 – 5Gb/s, 5V/0.9A/4.5W
- 1 x 3.5mm Audio/Microphone

- 1 x Ethernet – Speed up to 1 Gbps
- 1 x VGA – up to 1080P/60Hz
- SD / Micro SD Card Reader – Read 50-104MB/s, Write 30-80 Mb/s

Power:

- Pass through USB-C PD – Support 100W power adapter (max 87W for charging)

USB-C to USB-C cable 1.2m, 100W, 40Gbps, USB4 Gen 3x2

This premium USB-C cable gives you both 40Gbps data transfer as well as 100W Power Delivery and on top of that 5120 x 2880P Ultra HD 5K video output at 60Hz.

It is manufactured to comply with the USB4 standard allowing the fastest possible data transfer and charging rates in the market.

The cable is to be used between USB4 enabled USB Type-C devices, but please keep in mind that not all USB-C devices work with all USB Type-C features.

Part no. ES604514

12-in-1 Triple Display Multifunction USB-C Hub

This dock is designed for those who want a compact but capable upgrade for their MacBook Pro or MacMini with plenty of extra ports in the office, at home or on the move.

- The dual USB-C cable provides both SST and MST Display on macOS enabling extended desktop over dual or triple displays.

Part no. ES623010

Ports:

- 1 x HDMI 1 – 4K@60Hz
- 1 x HDMI 2 – 4K@60Hz on DP 1.4
- 2 x USB-A 2.0 – 480Mbps, 5V/0.5A/2.5W
- 2 x USB-A 3.2 Gen 1 – 5Gb/s, 5V/0.9A/4.5W
- 1 x 3.5mm Audio/Microphone

- 1 x Ethernet – Speed up to 1 Gbps
- 1 x VGA – up to 1080P/60Hz
- SD / Micro SD Card Reader – Read 50-104MB/s, Write 30-80 Mb/s

Power:

- Pass through USB-C PD – Support 100W power adapter (max 87W for charging)

Multipoint Adapters

USB-C AV Multipoint Adapter

This is a USB-C to USB 3.0 with HDMI and Type-C charging port hub. The USB3.0 port allows you to connect a USB device or another hub to the host computer. The USB-C female port can charge the host computer and supply power for the adapter at the same time. The HDMI port (DP 1.2 Altmode) allows you to connect a monitor with an HDMI connection in order for you to watch videos or slideshows on a big screen. It works with both MacBooks, iPads and other USB-C supported devices.

- HDMI 4Kx2K@30Hz, 9Gbps Bandwidth
- USB 3.0 super speed (5Gbps) transmission (USB 2.0 compatible)
- USB 3.0 supports simultaneous charge & sync
- USB 3.0 supports BC1.2. Max output: 7.5W (5V/1.5A)
- USB-C PD Charging up to 60W (20V/3A)

Part no.

ES623001WH

USB-C to USB 3.0 x 4 Charging hub

Add 4 x USB3.0 ports to your laptop, desktop or tablet USB-C connection. The USB-C female port can charge the host computer and supply power for the adapter at the same time. This is a USB-C to USB 3.0 four ports hub with a USB-C charging port. It works with both MacBooks, iPads and other USB-C supported devices.

- Input: USB-C Male x 1 / USB-C Female x 1
- Output: USB 3.0 Female x 4
- One of the USB 3.0 port supports BC1.2, max output 7.5W (5V/1.5A)
- USB 3.0 super speed (5Gbps) transmission (USB 2.0 compatible)
- USB-C PD Charging up to 60W (20V/3A)

Part no.

ES623007WH

USB-C LAN Charging Adapter

This is a USB-C to Ethernet adapter with a USB-C charging port. The USB-C female port can charge the host computer and supply power for the adapter at the same time. This RJ45 port allows you to connect your host computer to the network. It works with both MacBooks and other USB-C supported laptops.

- Input: USB-C Male x 1 / USB-C Female x 1
- Output: RJ45 Female x 1
- Gigabit Ethernet
- 10/100/1000 Mbps bandwidth
- Twisted pair crossover detection and auto-correction
- PXE Network Boot Control
- USB-C PD Charging up to 60W (20V/3A)

Part no. ES623006WH

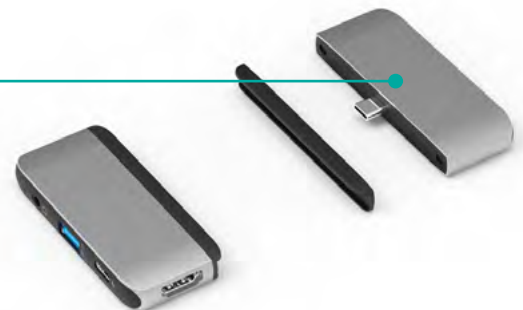

USB-C Mobile Pro Hub

Designed for you to make use of your iPad's full potential.

This eSTUFF® hub is designed with iPad models with a USB-C port in mind, but it also works with phones with a USB-C connection. It allows you to conveniently access peripheral devices on the go, in the office or at home.

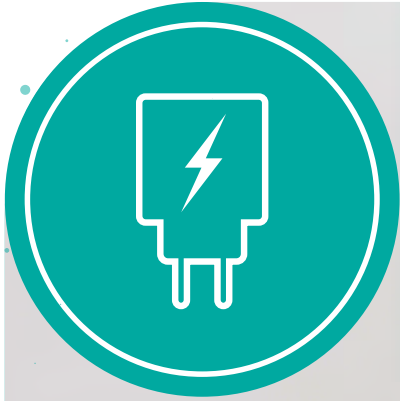

A minimum 30W charger is recommended for optimum charge speed.

- USB-C PD 3.0 Max 60W charging
- HDMI port - up to 4K 30Hz
- USB 3.0 port 5Gb/s and max 0.9A power
- 3.5mm headphone jack port
- Not compatible with cases

Part no. ES623100

Desk Chargers

Magnetic Wireless Qi Desktop Charger 15W
3-in-1 Magnetic Wireless Desktop Charger

We've got you powered!

Wireless Desktop Charger - 10W

Elegant, fast wireless charger that works with mobile phones and tablets that support Qi wireless charging or WPC. This charger pad has a super slim design to fit the bedside table, the living room or the office.

Part no.	ES638000
----------	----------

- For Qi compliant devices
- 10W Single coil
- Input MicroUSB : 5V/2A - 9V/1.67A 15W Max
- Output: Qi Wireless 5V/1A - 9V/1.2A 10.8W Max
- WPC1.2 support

Magnetic Wireless Desktop Charger - 15W

This stylish magnetic charger is made from aluminium and is designed for MagSafe enabled iPhones (iPhone 12-, 13-, 14-series). It does however also serve as a standard wireless charger for any Qi enabled devices.

Works with both PD and QC chargers. For the best charging experience please use it with a PD 20W (or higher) charger.

- Input 20W
- Output 15W max
- Built in 1.2m USB-C cable
- Compatible with MagSafe enabled iPhones (12-, 13-, 14-series)
- Works with all Qi enabled devices as a normal desktop charger

Part no.	ES638100
----------	----------

3-in-1 Magnetic Wireless Desktop Charger

This premium 3-in-1 magnetic charger is designed for MagSafe enabled iPhones (iPhone 12-, 13-, 14-series). It also serves as an Apple Watch charger as well as AirPods charger. It is the perfect desktop charger for your home or your office.

- Magnetic Phone output: Max 15W
- Qi Android/Apple AirPods output: Max 10W
- Apple Watch output: 3W
- For the best charging experience, please use it with a charger that provides at least 30W.

Part no.	ES638210
----------	----------

3-in-1 Magnetic Wireless Desktop Charger

This stylish 3-in-1 magnetic charger is designed for MagSafe enabled iPhones (iPhone 12-, 13-, 14-series). It also serves as an Apple Watch charger as well as AirPods charger. It is the perfect desktop charger for your home or your office.

- Magnetic Phone output: Max 10W
- Qi Android/Apple AirPods output: Max 5W
- Apple Watch output: 3W
- For the best charging experience, please use it with a charger that provides at least 30W.

Power Banks

Power Bank USB-C 5.000 mAh

Power Bank USB-C 10.000 mAh

(Magnetic wireless Charging)

Power Bank USB-C 10.000 mAh

We've got you powered!

USB-C Power Bank 5.000 mAh

The power bank is equipped with a USB-C and Micro USB input for charging the powerbank and with two USB A ports for charging devices.

- Output: 2 x USB-C 5V/2A
- Input: 5V/2A via Micro USB or USB-C

Part no. ES641030

USB-C Power Bank 10.000 mAh

The power bank is equipped with USB-C port for charging both the powerbank and for charging devices with Power Delivery up to 20W, as well as a USB-A port for charging devices.

- Input: USB-C: DC 5V 2.4A, 9V 2A
- Output: USB-A : DC 5V 3A, 9V 2A, 12V 1.5A, Type C: DC 5V 3A, 9V 2.2A, 12V 1.5A (PD20W)
- LCD display shows the power % charge status
- Flat 0.15m USB-C to USB-A cable is included in the box

Part no. ES641031

USB-C Power Bank 10.000 mAh Magnetic Wireless Charging

The power bank is equipped with USB-C port for charging both the powerbank and for charging devices with Power Delivery up to 20W, as well as a USB-A port for charging devices.

It is designed for MagSafe enabled iPhones (iPhone 12, 13, and 14 series), but it also serves as a normal wireless charger.

- Output: USB-A : DC 5V 3A, 9V 2A, 12V 1.5A
- Output: USB-C: DC 5V 3A, 9V 2.2A, 12V 1.5A (PD20W)
- Wireless Output: 5W, 7.5W, 10W
- Input: DC 5V 2.4A, 9V 2A
- LCD display shows the power % charge status
- Flat 0.15m USB-C to USB-A cable is included in the box

Part no. ES641032

Car Chargers

3-in-1 Magnetic Wireless Qi Car Charger

38W Car Charger

95W Car Charger

We've got you powered!

Magnetic Wireless Qi Car Charger

This magnetic charger is designed for MagSafe enabled iPhones (iPhone 12-, 13-, 14-series). Simply place your iPhone on the charger and it will attach magnetically. To get the strongest attachment, please use it with a magnetic eSTUFF® backcover.

The car charger has a strong magnet and provides a solid hold and charges your iPhone on the go. For the best result, please use it with a PD 20W car charger.

- Delivered with air vent holder
- For the best charging experience, please use it with a car charger that provides at least 30W
- Output 15W max
- Please note that a PD 20W USB car charger is not included in this product

Part no.

ES638130

Dual Car Charger USB-C (20W) + USB-A (18W)

High-quality car charger for smartphones and tablets with one USB-C PD output and one USB-A output.

The charger is made from high-quality carbon fibre. It allows fast charging on both ports simultaneously.

Input:

- DC 12/24V

Outputs:

- USB-C: (PD 20W) 5V/2.4A, 9V/2.25A, 12V/1.5A
- USB-A: (QC3.0 18W) 3.6-6.5V/3A, 6.5-9V/2A, and 9-12V/1.5A
- The USB-C port supports: PD2.0/QC3.0/QC2.0/AFC/FCP/SCP/PE1.0/PE2.0/BC1.2DCP/Apple2.4A

Part no. ES631021

Triple Car Charger USB-C (65W) + USB-C (30W) + USB-A (30W)

High-quality car charger for smartphones and tablets with two USB-C PD output and one USB-A output.

The charger is made from aluminium alloy and ABS plastic quality carbon fibre. It allows fast charging on all three ports simultaneously.

Input:

- DC 12/24V

Outputs:

- USB-C 1 (65W): 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3.25A
- USB-C 2 (30W): 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A
- USB-A (QC3.0 30W): 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A
- The USB-C port supports: PD2.0/QC3.0/QC2.0/AFC/FCP/SCP/PE1.0/PE2.0/BC1.2DCP/Apple2.4A
- Charges MacBooks, Laptops, Tablet and Smartphones

Part no. ES631025

All eSTUFF® car chargers are tested and approved for use within the EU.

Cables

eSTUFF® charge & sync cables is the better choice as they have all been reinforced on three vital points for ultimate durability and performance. They are built to withstand even the most challenging daily routines and are close to indestructible.

The cables are reinforced on these three vital points:

A durable Kevlar® wire has been added inside the cable to enhance the pull strength to 50 kg + to cope with even the most challenging daily routines

The plugs are fitted with a long strain relief that reinforces the cable at its stress points ensuring long-term performance

Full laser-welded plugs are engineered to cope with even the most challenging daily routines.

All eSTUFF® lightning cables are MFI certified ensuring complete compatibility and superior performance with all Apple devices using a lightning connector.

We have three different line-ups of lightning cables which will satisfy any need.

Assortment

- MFI approved USB-A to Lightning
- MFI approved USB-C to Lightning
- USB-C to USB-A
- USB-C to USB-C
- Minijack 3.5mm cables
- HDMI Cables
- Lightning (MFI) to Minijack
- USB-C to Minijack

The Three Qualities of Charge & Sync Cables

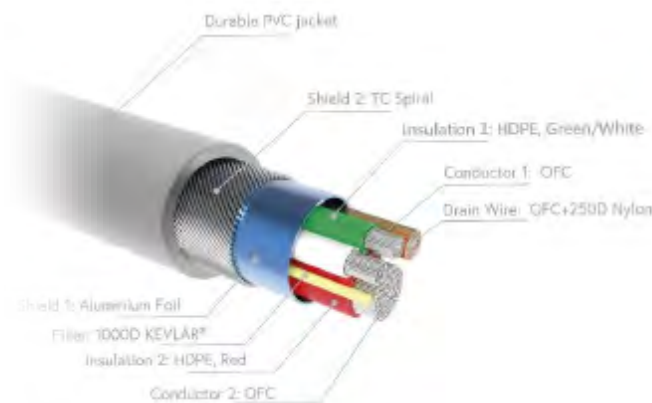

Superior Full metal jacket cables with Zinc-alloy plugs

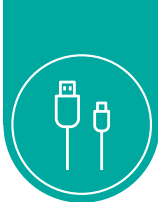

Premium Braided nylon jacket cables with aluminium plugs

Enhanced Soft outer jacket cable with ABS plugs

Lightning Cables

Gunmetal Lightning Cable

- Ultra tough charge & sync cable
- Extremely flexible
- Tangle-free full metal outer jacket
- Double shielded cable
- Full laser-welded reinforced lightning connectors
- Supports up to 5V/2.4A charging

USB-C to USB-C Gen. 4 Cable, 1.2m, 100W, 40Gbps, USB4 Gen 3x2

This premium USB-C cable gives you both 40Gbps data transfer as well as 100W Power Delivery and on top of that 5120 x 2880P Ultra HD 5K video output at 60Hz.

It is manufactured to comply with the USB4 standard allowing the fastest possible data transfer and charging rates in the market.

The cable is to be used between USB4 enabled USB Type-C devices, but please keep in mind that not all USB-C devices work with all USB Type-C features.

1.2m	Part no. ES604514
------	-------------------

Various Cables

USB-C to HDMI Cable 2m Grey Nylon

This premium braided nylon fibre cable with durable metal plugs has a longer lifespan due to the carefully selected durable materials. The cable is designed to cope with even the most challenging daily routines.

**2.0m**

Part no. ES607102

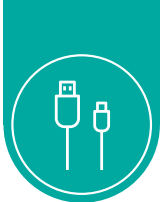

Minijack Cable 3.5mm 0,5m Black

Super soft and flexible audio cable designed to work with your mobile device. The metal plugs ensures a longer lifespan than a standard cable.

**0.5m**

Part no. ES608001

- Optimized for use in cars
- Super soft TPE cable
- Long lifespan

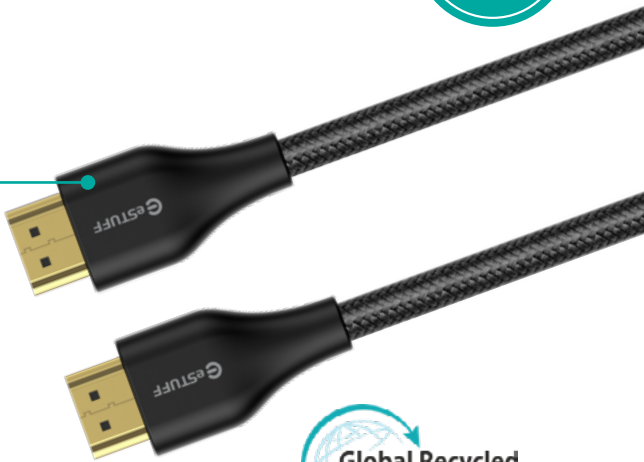

HDMI 2.1 Cable 8K

This Ultra High-Speed HDMI 2.1 Cable with Dynamic HDR and enhanced Audio Return Channel (eARC). Supports resolutions up to 10K and refresh rates up to 120Hz.

This ensures support and optimal bandwidth and speeds for Gaming, Streaming, HDTV as well as optimal performance for Sony PlayStation 5 (PS5) and Microsoft Xbox 1, Xbox Series X, Apple TV 4K, 4K HDR, HDR 10 and Dolby Vision, PCs and MacBook Pro.

This product is made from GRS certified materials.

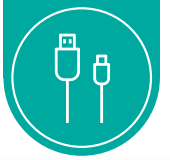

GRS stands for "Global Recycled Standard". The certification ensures that the product meets high international standards for both traceability and verification of recycled products as well as social responsibility in the form of working conditions.

1.0m	Item no.: ES606013
2.0m	Item no.: ES606014

- Supports 8K@60Hz and 4K@120Hz
- 48Gbps bandwidth
- GRS 4.0 (Global Recycled Standard) Certified materials

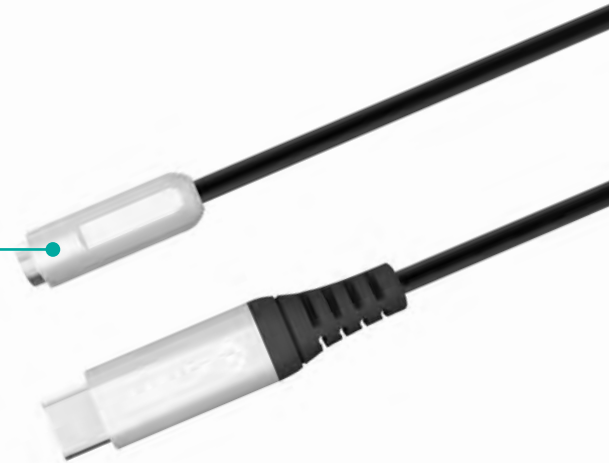

Minijack Adapters

USB-C to Minijack Headphone Adapter

With this USB-C to 3.5mm adapter you can connect audio devices (such as headphones) equipped with a 3.5mm minijack plug to your USB-C device (phone, tablet, laptop).

- Full laser-welded plugs are engineered to cope with even the most challenging daily routines
- Supports both audio and microphone functions

Part no. ES651660-BULK

Lightning (MFI) to Minijack Headphone adapter

With this MFI approved Lightning to 3.5mm adapter you can connect audio devices (such as headphones) equipped with a 3.5mm minijack plug to your iPhone or iPad

It supports both audio and microphone functions.

- Full laser-welded plugs are engineered to cope with even the most challenging daily routines
- Supports both audio and microphone

Part no. ES651650-BULK
